- **Packaging dimensions (W x H x D):** 196 x 272 x 45 mm
- **Packaging type:** Clamshell
- **Product dimensions (WxDxH):** 140x140x27.5mm
- **Product weight:** 0.2 kg

Power

- **Battery type:** AA, LR6, UM3
- **Battery Playing Time CD:** 15

Product highlights

45-second ESP™

Electronic Skip Protection is a convenient feature that ensures skip-free music even when your CD player is subjected to knocks and jolts while you're jogging or on the move. Devices with Electronic Skip Protection have an intelligent electronic buffer that adjusts both its contents and laser spin speeds automatically to guarantee uninterrupted music listening.

Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.
